Experience

Compliance Technology Associate Aug. 2026 – Present
Polymarket *Chicago, IL*

- Architect 10+ regulatory compliance workflows aligning Polymarket's DCM/DCO systems with NFA and CFTC requirements, translating regulatory obligations into scalable technology controls
- Streamline 15+ agentic AI workflows, improving automation, orchestration, and governance across compliance use cases
- Spearhead 100+ trade surveillance reviews across futures and swaps, covering spoofing, layering, wash trading, front-running, disruptive trading, marking the close, and pre-arranged and position-related violations
- Operationalize surveillance system health monitoring across 10+ internal databases and repositories, identifying data-quality issues, control gaps, system exceptions, and regulatory risk

Cross Market Investigator Aug. 2025 – Jul. 2026
Cboe Global Markets *Chicago, IL*

- Conducted cross-market surveillance on 250,000+ derivatives transactions daily using Nasdaq SMARTS to detect spoofing, layering, wash trading, and index expiration manipulation
- Performed forensic analysis of 15M+ order and execution records using Python (Pandas, NumPy) and SQL to identify potential exchange rule violations
- Produced 40+ investigative memoranda presenting evidence of potential market manipulation to regulatory and enforcement decision makers

Associate Analyst, Business Enablement Jul. 2024 – Aug. 2025
FINRA *Westbury, NY*

- Evaluated 100+ broker-dealer compliance processes, converting regulatory obligations into streamlined workflows and shortening review cycles by 30%
- Analyzed root causes of inefficiencies across 15+ departments, reducing compliance risk exposure by 40%
- Authored executive-level reports linking regulatory requirements to business outcomes, influencing C-suite compliance strategy decisions

Data Analyst, Resource Management Intern May 2024 – Jun. 2024
Centene Corporation *Westbury, NY*

- Developed 5 Power BI dashboards to monitor key metrics, enabling real-time visibility and data-driven oversight for senior stakeholders

Business Process Analyst Intern Nov. 2023 – Mar. 2024
Centene Corporation *Westbury, NY*

- Built 5 Power BI dashboards for real-time compliance and licensing oversight using SQL and Snowflake, cutting licensing overuse by 15%

Education & Certifications

Hofstra University Sep. 2020 – May 2024
Bachelor of Business Administration in Business Analytics *Hempstead, NY*
